TRAVEL PREPARATIONS

Before you start

Croatian law asks every guest to be registered before arrival — so there is one small thing to take care of before you travel.

The good news: Korčulaia covers your tourist tax — there is nothing for you to pay.

All we kindly ask is that you fill in our short guest survey form **before you set off**. It takes just two minutes, and having it ahead of time really helps us prepare for a smooth, relaxed check-in. We would be so grateful to receive it in good time.

GETTING THERE

Arrival to the house

There are two ports to reach the island: Vela Luka and Korčula town. From Vela Luka the house is about 15 min away, from Korčula about 45 min. The key junction with the first turn off the main road (number 118) sits at the exit of Vela Luka — wherever you come from, find the 118.

ADDRESS

Korčulaia d.o.o.

Tri Luke 70 · 20270 Vela Luka

IMPORTANT

Navigation systems mislead you near the destination. DON`T FOLLOW THEM.

GETTING THERE

google maps

Navigate until this junction: [maps ↗](#). **Then:** Turn left towards Široka; after approx. 200 meters, turn left onto a forest path; after another 100 meters (on the concrete road), turn right. You will reach the parking lot in 50 meters.

This is exactly the position of the Google Maps link:

AROUND THE HOUSE

A few small kindnesses

PARASOLS & AWNINGS

Please always close them when not in use — gusts of wind here can be unexpected.

OUTDOOR FURNITURE

A towel on the lounge keeps things fresh for everyone.

FOOD & DRINKS

Please don't leave leftovers outside — the ants are quick.

MOSQUITOES

You will find an electric mosquito swatter in the closet.

GRILLING

Briquettes only — open fires are forbidden in summer and very dangerous.

Olive oils

"Very high polyphenols, international award winner."

Jerolim [website ↗](#) · [maps ↗](#)

All homemade — also jams, liqueurs, soaps and more.

"Delicious — international award winner."

Surjan [website ↗](#) · [maps ↗](#)

The olive oil from Korčula (Korčulansko maslinovo ulje) ranks among the highest-quality olive oils in the entire Mediterranean region, thanks to its Protected Designation of Origin (PDO) and its unique aroma. It is characterized by an intense green-gold color, distinct fruity notes, and a pleasantly harmonious pungency and bitterness.
